授業の目標、概要 (Course Objectives/Overview)

This course is designed for students at the elementary to intermediate levels. In this course, students will proceed with their learning individually and autonomously using various resources with peer and instructor's advice. General simultaneous group teaching will not be conducted for most of the course, since the objectives and content of learning will vary by student. Students are expected to be positively and autonomously engaged in their own learning, bearing in mind that those who learn are students themselves.

Specifically, by the end of the course, students are expected to be able to

- 1) establish their own learning goals and objectives by understanding their own situation, identifying their own problems and needs, and considering what kind of Japanese language use are necessary for them.
- 2) understand their own suitable learning style by thinking and trying different learning methods upon their needs.
- 3) master the ability to manage their own learning.
- 4) improve their Japanese by concentrating on their weak or favorite area of learning.
